I, the undersigned, understand that gathering during the COVID-19 pandemic carries inherent risk. I understand that any viral transmission that may occur during Family Ministries programs is not the fault of the Acton Congregational Church.

I give permission for my child(ren)'s temperature to be taken upon our arrival and for them to use hand sanitizing gel if soap and water are not available.

I understand that I am not to bring my child(ren) to church if they test positive for COVID-19, are displaying symptoms of COVID-19, or if they have recently been exposed to someone with COVID-19 and have not subsequently tested negative for the virus.

Furthermore, I understand that my child will not be allowed to stay for the program if they show any signs of an infectious illness.

I promise that my child(ren) will do their best to keep at least three feet of distance between themselves and others and will wear a mask over their nose and mouth throughout the program whenever indoors, if church policy requires it at that time. I understand that Family Ministries program may take place indoors or outdoors, depending on current COVID risk, inclement weather, and the specific programming. And, finally, I will do my best to dress my child(ren) appropriately for the day's weather forecast.
